**BENTOBITE
BLOCK**

Olsson's Bentobite helps absorb toxins, boosting production and controlling green season scouring. Containing bentonite and protein meal, this block offers the benefits of binding some toxins in the gut, balancing rumen function and offering bypass protein. Research at the University of New England showed that the addition of a very small amount of bentonite clay mineral and high quality bypass protein into the diet of sheep and cattle was highly beneficial in improving productivity.

Laugh, it makes you feel good!
 Laughter is critical to relaxation and wellbeing.

When you laugh...

- ◆ 17 muscles in your face relax
- ◆ blood circulation is improved
- ◆ respiration is increased
- ◆ muscles in your abdomen are massaged
- ◆ the brain's natural pain killers are stimulated through the release of endorphins
