

Looking for more storage for Harvest?

Silo Bags & Ahrens Combi Field Bins Available in Store Now
Lupins are not being accepted by Viterra this year.

It may be worth considering how much seed storage you require for the upcoming season.

When it comes to grain storage we have you covered:

- ◆ We sell silo bags for when you need those tonnes stored safely and quickly.
- ◆ We also hire out the machinery to fill and empty the silo bags.
- ◆ We have Ahrens bins available to purchase.

Silo Bags

The most popular silo bags we sell are 60M (200 tonnes of wheat) & 75M (250 tonnes of wheat).

Silo Bags are an economical and efficient way to provide extra seed storage and it prevents the need to stop the header at harvest time due to limited storage. Contact us to put your order in or when the need arises and we will be happy to assist you. Call Doug today on 8676 2016.

Benefits of Silo Bag Storage

- ◆ Very economical for bag purchase and machinery hire
- ◆ Free's up all your silo storage/field bins
- ◆ Gives you the opportunity to clean, move or sell grain when it is convenient to you
- ◆ Ideal short term storage of most grains
- ◆ Silo bag can be placed in the paddock
- ◆ To store grain and take advantage of higher grain prices

Seed Grader

Carrs' Seeds' Seed Grading and Grain Cleaning Truck showcases the latest technology, utilizing top and bottom screens, 3 wind sections and rotary indents to produce an outstanding seed sample every time.

We supply an up-to-date range of seed treatments and our agronomist can offer advice on what to use and where, the grader can also accurately apply up to three of these treatments at once.

Don't limit your yield potential with poor quality seed, weed seeds or badly applied products. Call Carrs' Seeds on 8676 2016 to discuss your seed grading and grain cleaning requirements.

Congratulations to the
Winners of our
2023 AFL
Tipping Competition

**1st (\$500) Naomi Adams
2nd (\$300) Craig Skinner
3rd (\$200) Cindy Wissell**
